

Griffiths & Armour

**Professional Indemnity
Insurance for Solicitors**

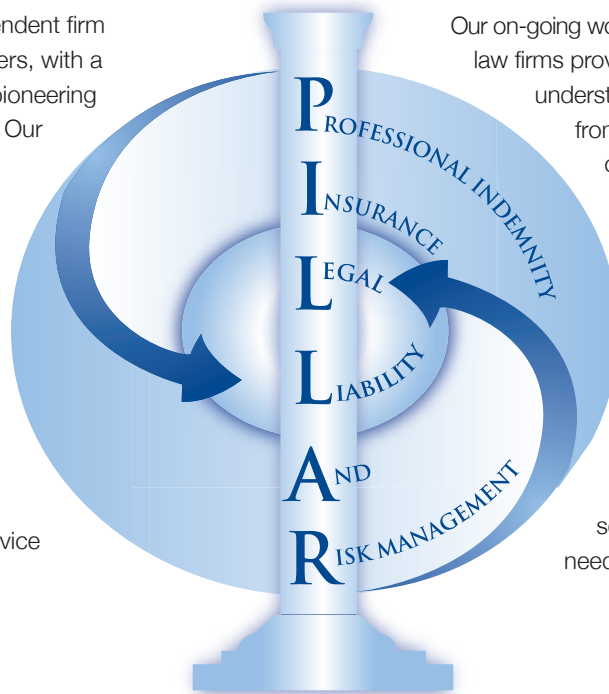

Professional Indemnity Insurance for Solicitors

Griffiths & Armour is a leading independent firm of insurance brokers and risk managers, with a strong reputation resulting from our pioneering work in the UK, Ireland, and beyond. Our specialism in the field of Professional Indemnity (PI) insurance is widely acknowledged.

From our centres of excellence across the UK and Ireland we have developed a prominent position in the Solicitors PI insurance market.

At Griffiths & Armour, we have an experienced and dedicated professional indemnity broking team, which forms the backbone of our service to Solicitors.

Our on-going work with some of the country's leading law firms provides us with a detailed understanding of the exposures flowing from the legal profession. This, coupled with our proactive risk management advice allows us to provide a high level of service in all areas, including genuinely independent claims management support.

As a result, we have developed PILLAR, a combination of a specialist PI facility and complementary risk management services tailored to the particular needs of Solicitors.

**... provides our Solicitor clients with
a unique combination of:**

- a comprehensive basis of cover that is compliant with the requirements of the minimum terms but which can be tailored to provide protection for the full range of activities and structure of your practice
- support from a panel of approved insurers
- competitive premiums, which are the result of a thorough investigation of areas of risk and positive risk features
- guidance notes on specific, relevant topics
- feedback on the causes of claims to help our clients assess and manage the risks they face
- first class risk management and claims handling support - claims are managed by our experienced claims handlers and insurers are firmly 'on their side' when claims arise
- a level of informed support on key risk issues

This combination of features creates a risk management and insurance proposition that we believe is unique to Griffiths & Armour - a broadly based, sustainable Professional Indemnity insurance facility which maintains the flexibility to afford tailored solutions matching the risk profile of each firm.

Working by your side, we can minimise the effects of financial risk to your business. To find out more about the support that PILLAR provides, please contact our Dublin office on:
